

Kasabian, Reason Is Treason

Here come the morning that I say goodbye to ya
Here come the morning that'll say goodbye
but I dont turn around cause the reason is treason
Here come the morning that I say goodbye to ya
Here come the morning that'll say goodbye
but I dont turn around cause the reason is treason

See the stones coming at my window
See they left man no protection
T ell his family that he will be ok
K-I-LL!

Check the angles from both forces
overcome by the need to fight it
fight it
fight it
fight it
fight it

Here come the morning that I say goodbye to ya
Here come the morning that'll say goodbye
but I dont turn around cause the reason is treason

I hear the sounds all around

Here come the morning that I say goodbye to ya
Here come the morning that'll say goodbye
but I dont turn around cause the reason is treason

Here come the morning that I say goodbye to ya
Here come the morning that'll say goodbye
but I dont turn around cause the reason is treason

Here come the morning that I say goodbye to ya
Here come the morning that'll say goodbye
but I dont turn around cause the reason is treason
