

Kasabian, Seek and Destroy

Seek and destroy all you have cos I know
Brother your fears and my tears cos you know
And all I have now is being here with you
Seek and destroy all you have cas I know
Cos I know know right now
They will never be tuning in
To what we know
And all I have now is being here with you
Cover your fear it's all we know
Cover your fear it's all we know
And all I have now
Is being here with you
