

# Kashif Ibadullah Khan, Today

I was gonna call you tonight  
But I thought I just might  
Go on the net instead  
The hit the lights and go to bed

I opened my email hoping there'd be one from you  
There was so I opened it  
My eyes were fixed to the screen  
Like paper and glue

As I read the words you had typed  
My eyes filled up and cried  
You were saying sorry  
Sorry that you ever asked out me

You said it wouldn't work out  
That we would never see each other  
I could make no sound, not even a shout  
Not even a whisper

It was today I realised  
That I really was in love with you  
You can see it in my eyes  
I can see it in yours, too

The night before I was having doubts  
I thought I didn't really love you  
But today I now know  
I really do

I wrote in my Diary  
That I wouldn't care  
If you broke up with me  
But now I swear, baby I do

Today I realised how much you mean to me  
Today you were the only person I wanted to see  
Today was not a good day  
Because today, you broke up with me
