

# Kaskade, Sweet Love

I know we have rainy days  
It's only scary if it gets down to you  
Hear now what I say, there's one way...  
Feel the rhythm, have a taste of some  
Sweet, sweet love.

Boy, you know it's right  
To make it takes a whole lot of paradise.  
Yeah you see it now  
It's funny how we change when our lives get a taste of the  
Sweet, sweet love.

There are some things I can do without  
Some things I just don't need  
Too much in life gets cluttered  
I like the feel of simplicity and  
Sweet, sweet love
