

# Kataklysm, Caged In

Nothing in this world  
Could make me think  
Differently...  
Your Selfishness  
Insults me  
How can cruel somebody be  
I know one day I'll rise  
Only the strong survive...  
You jealousy portrays  
Your insecurity  
No wonder your so sensitive  
Unfold your true identity  
I know one day I'll rise You try to manipulate who I am!  
Don't try to change  
What you don't understand.  
Only in your head  
Caged In  
Is a perfect world...  
Only in America  
Caged In  
These dreams are sold  
Caged In  
Welcome to the city of sin  
You think you know it all  
So tell me why you're miserable  
Nothing lasts forever  
Your eyes are lying  
So my conscience is crystal clear  
You tried to manipulate who I am!  
Don't try to change  
What you don't understand.  
Only in your head  
Caged In  
Is a perfect world...  
Only in America  
Caged In  
These dreams are sold  
I'm a man  
In another man's land  
Just trying to survive  
With my daily bread,  
But you gotta  
Understand why life  
Can be so bad,  
In a world where no one cares  
If you live or die!  
Coz' you and me,  
Were Victims of this Fuckin' World...  
Ain't nobody gonna save your ass...  
But yourself!
