

# Kataklysm, Machiavellian

There are many ways to victory  
But only one to conquer  
To be king or to be slave  
For revenge or for submission

Show him your strong when you're really weak  
Show him your weak when you're really strong  
Always know what your enemy is thinking  
For every attempt he will be vanquished

The only way to rule is to be machiavellian!

To be loved or to be feared  
To be trust or not to trust  
Love disappears but fear remains  
Trust is fuel for the enemy
