

# Kataklysm, Manifestation

The human race revolts  
Fighting a losing war  
Invaded by spectral beings  
Annihilation  
In a sea of blood

Desert like vision  
Chaotic ruins embalmed  
Behold the manifest  
Cataclysmic devastation

No room to manoeuvre  
Symbolic ways to extinction  
Inhabit the coalition of darkness  
No choice but to surrender

Feel the wrath of supreme power  
Where is the godlike image  
That we portrayed for centuries  
Put under pressure to be dissolved

Sacrifice everything  
We ever built  
For everything we ever destroyed

Desert like vision  
Chaotic ruins embalmed  
Behold the manifest  
Cataclysmic devastation
