

# Kataklysm, Prevail

"Went to hell  
Everybody ends up dead  
It's just a matter of when"

Prevail!

Trapped in a web of lies  
I'll never seen the truth  
When they stare me in the eyes  
Death to the ones who betrayed  
Every single chance  
That I give every day  
Break all the chains that bind  
All these things are lost in the cries  
Break everything that will come  
The chance to over come

Never seen the face of defeat  
Never felt the cries of the weak  
When everyone sought out surrender  
This  
I will rise in the end  
Sever the souls that bled  
I will be discouraged  
And turn it into rage

Prevail, the time has come  
Crush the enemy, one by one  
Prevail, like a venomous snake  
Ready to strike and dominate  
Prevail, we conquer as one  
Pound the enemy, 'till it's done  
Prevail!

What doesn't kill you  
Makes you stronger  
And bigger  
What has to be  
hate quicker  
And faster

I turned these tables around  
And wait to break you down

I want to feel  
This pain will

Trapped in a web of lies  
I'll never seen the truth  
When they stare me in the eyes  
Death to the ones who betrayed  
Every single chance  
That I give every day  
Break all the chains ties that bind  
All these things are lost in the cries  
Break everything that will come  
The chance to overcome

Never seen the face of defeat  
Never felt the cries of the weak  
When everyone sought out surrender  
I will rise in the end  
Sever the souls that bled  
I will be discouraged

And turn it into rage

Prevail, the time has come  
Crush the enemy, one by one  
Prevail, like a venomous snake  
Ready to strike and dominate  
Prevail, we conquer as one  
Pound the enemy, 'till it's done  
Prevail!
