

# Katatonia, Strained

End

Sometimes a start for others

End

I don't know the word beginning

Sometimes fear is power

Like when I lost control

This time it has to come to an end

I'd like to try to live my life again

I'd like to see where I was going wrong

I'd like to try to live my life again

I'd like to see where I was going wrong

End

Sometimes a start for others

End

I don't know the word beginning

Sometimes fear is power

Like when I lost control

This time it has to come to an end

I'd like to try to live my life again

I'd like to see where I was going wrong

I'd like to try to live my life again

I'd like to see where I was going wrong
