

Katatonia, Strained

End
Sometimes a start for others
End
I don't know the word beginning

Sometimes fear is power
Like when I lost control
This time it has to come to an end

I'd like to try to live my life again
I'd like to see where I was going wrong
I'd like to try to live my life again
I'd like to see where I was going wrong

End
Sometimes a start for others
End
I don't know the word beginning

Sometimes fear is power
Like when I lost control
This time it has to come to an end

I'd like to try to live my life again
I'd like to see where I was going wrong
I'd like to try to live my life again
I'd like to see where I was going wrong
