

Katchafire, Get Away

Chorus

I gotta get away sometimes(get away, get away)
I got to get away
I gotta slip away sometimes(get away, get away)
I got to slip away to my special place

Verse 1

I woke up yeah on a cloudy day
I'm feeling blase blase from last nights party
And in the back of my mind I got work today
I couldn't find my shoes to lardy dardy

Bridge

Excuse me sir, me car broke down
Me Mrs left me with the baby now
And I can't make that date today
It might have to be another day
I said I'm sorry
I said I'm sorry
Oh yeah

Chorus

Repeat Verse 1

Repeat Bridge

Chorus

Got to get away
Got to slip away
Got to get away
Got to slip away
Got to slip away to me own reality...

Chorus to fade
