

Kate Bush, Sister And Brother

Sister, I will stand by you
Sister, I believe in you
Sister, 'coz I am your brother
Sister, fight for what you need
Sister, make the blind man see
Sister, and I'll be your brother
Giving, taking, living, with one another
Sister and brother
Seeing, breathing, believing in one another
Sister and brother
Brother, I am equal to
Brother, all a man can do
Brother, for I am your sister
Brother, if you need me near
Brother, in your doubt and fear
Brother, then I'll be your sister
Giving, taking, living, with one another
Sister and brother
Seeing, breathing, believing in one another
Sister and brother
Sister, will you stand by me
Sister, and believe in me
Sister, 'coz I am your brother
Brother, if you need me near
Brother, in your doubt and fear
Then I'll be your sister
Oh no, oh no I'll be your sister
Oh no, oh no I'll be your brother
Oh no, oh no I'll be your sister
Oh no, oh no. Sister and brother
Oh no, oh no I'll be your sister
