

Kate Nash, Take 'Em Back

Taken back by what you said
Didn't believe that you meant it then
I was more excited when you were my friend
But then, you went and...
All the things that keep you up
You should forget and rest, why don't you shut up
Take a piece of paper wish that you could make up
Now I know you want to be alone
Why didn't you say I would not have come
I could just as easily have stayed, stayed at home
Da da da, da da da, da
Da da da, da da da da da
Da, da da da da da da da da da da da da da
Da, da da da, da
