

# Kate Ryan ft.Milk Inc., Spoiled

When I got myself a white room,  
Gotta have it painted black  
But even before the paint dries, I need to bring white back  
When I got myself a player, I start to long for loyalty  
But being with a modest man,  
Brings out the bitch in me  
I'm spoiled  
I always want the one thing I can't have  
I'm spoiled  
But when I have it, I just push it back  
I always get what I want  
Now all I want is you  
I'm spoiled, yeeaaah, say you need me to  
When I got one who's all over me,  
I want him to pull back  
But when he's being cool, I want him to attack  
When I'm drowning in his lies,  
I keep on longing for the truth  
But when it comes to light,  
A little lie would do  
I'm spoiled  
I always want the one thing I can't have  
I'm spoiled  
But when I have it, I just push it back  
I always get what I want  
Now all I want is you  
I'm spoiled, yeeaaah, say you need me to  
Is it my ego?  
Or is it love?  
Caught in your trap  
There's no turning back  
I always get what I want  
Now all I want is you  
I'm spoiled, say you need me to  
I'm spoiled  
I always want the one thing I can't have  
I'm spoiled  
But when I have it, I just push it back  
I always get what I want  
Now all I want is you  
I'm spoiled, yeeaaah, say you need me to
