

Kathy Kelly, In The Morning (Morning Of My Life)

In the morning
When the moon has set his face
You will find me
At the time I love the best
Watching rainbows
Play on sunlights
Pools of water
Ice from cold nights
In the morning
'tis the morning of my life
In the daytime
I will meet you as before
You will find me
Waiting by the ocean floor
Building castles
In the shifting sands
In the world
That no-one understands
In the morning
'tis the morning of my life
'tis the morning of my life
In the morning of my life
The minutes take so long to drift away
Please be patient with your life
It's only morning and you've still to live your day
In the evening I will fly up to the moon
To the top right-hand corner of the ceiling in my room
Where we'll stay until the sun shines
Another day to swing on clothes lines
May I be yawning
'tis the morning of my life
'tis the morning of my life
