

# Katy Perry, Harleys in Hawaii

boy, tell me can you take my breathe away  
cruising down a heart shapped highway  
got you swerving lane to lane  
don't hit the brakes  
cause I am feeling so safe

I'll be your baby on a Sunday  
why don't we get out of town  
call me your baby  
on the same wave  
no, no there's no slowing down

you and i  
riding Harleys on a Hawall-ai  
I ma on the back , I ma holding tight-ai  
want you to take my for a ride, ride  
when I hula, hula, hula  
so good you'll take me to the  
jeweler /3x  
there's pink and purple in the sky  
we're riding Harleys in Hawaii

let me run my fingers through your salty hair  
go ahead explore the Island  
vibes so real that you can feel it in the air  
I am revving up your engine  
I'll be your baby od Sunday  
when do we go out of town  
call me your baby  
catch the same wave  
no, no there's no slowing down

you and i
