

# Kazami, You

oh, you know  
you know what to say  
say "I love you"  
oh, I think you've got to know right away  
"maybe me too"  
you  
you are a nice, cool breeze in me  
I feel you blowing in  
I can feel the sunlight all around me  
You're shining  
I feel beautiful when I'm around you  
I'm safe and comfortable  
'cause you are wonderful  
it feels natural to be around you  
you've made it possible  
you're wonderful  
oh, can I  
can I tell you why  
why I need you  
oh, my life  
you made it a cloudless sky I can fly through  
you  
you are a deep, strong wind in me  
I feel you - come on in  
can you see the sunlight all around me  
You're smiling  
I feel beautiful when I'm around you  
I'm safe and comfortable  
'cause you are wonderful  
it feels natural to be around you  
you've made it possible  
you're wonderful
