

Kazuyuki Matsumoto, Greed Or Purity

Keep the silence
Now turn the lights down for me
Listen to my words of fear
I have paid for all my abusive sins now
Why do i still run?
Where do i go?
There's nothing else to do
But live a life full of lies
Might be hell or bloody fun
There's one thing left to do
If i'm strong enough to keep up
Greed or purity
The time of truth has come
Now say your prayers
I'm not afraid of
How god will judge me later
Listen to my words of fear
Lavish cars and
Curvy girls are great but
Solitude remains
It doesn't change
