

# Kazuyuki Matsumoto, Now Or Never

You lose control again  
And I'm kneeling down to save your day  
Your ego used to hurt  
Now I know the way to dodge myself  
My mind is far away  
Beyond this choking wall  
Maybe I'm not the man that I used to be  
I had enough my friend  
I'm on my way to freedom  
Maybe I'm not the man that you used to see  
Now or never  
Rediscover  
Time to turn back, woo woo  
Now or never  
This endeavor  
Time to turn over, woo woo  
I'll be the one to fly  
And you'll be the one to crawl  
You say I'm too naive  
The wind outside is cruel and cold  
You say I will regret  
If I will ever close this door  
I know I've got to pay  
Again I have my reasons  
Maybe I'm strong enough now to face my fate  
I'm standing on my feet  
It is a kind of treason  
Maybe I'm fool enough now to break the rules
