

Keahiwai, Push

{Chorus}

I don't wanna push
I don't wanna beg
But I don't wanna see you walk away
What can I do to make you see
What a love like yours would mean
I don't wanna wait just another day
To see if you can love me that way
Oh baby boy just say you do love me like I, I love you...

{Verse 1}

I don't know if friends could ever do what lovers do
Or if theres a line not to be crossed
I havent had a crush in oh so long would this be wrong
Your in my mind and in my heart
Ooh could this be true that I would fall so hard for you
I just got to know if you could feel the same thing too

{Chorus}

{Verse 2}

My heart breaks whenever your not there do you care
If I'm round or if I'm not
Am I wishing for a hopeless dream it may seem
That your just fine with what we've got
Ooh could this be true that I would fall so hard for you
I just got to know if you could feel the same thing too

{Chorus x2}
