

Keith, 98.6

Good morning sun.
I say it's good to see you shining.
I know my baby brought you to me.
She kissed me yesterday.
Hello to silver lining.
Got Spring and Summer running through me.

Hey, 98.6.
It's good to have you back again.
Oh, hey, 98.6.
Her lovin' is the medicine that saved me.
Oh, I love my baby.

Hey everybody on the street.
I see you smiling.
Must be because I found my baby.
You know she's got me on
another kind of highway.
I want to go to where it takes me.

Hey, 98.6.
It's good to have you back again.
Oh, hey, 98.6.
Her lovin' is the medicine that saved me.
Oh, I love my baby.

You know she's got me on
another kind of highway.
I want to go to where it takes me.

Hey, 98.6.
It's good to have you back again.
Oh, hey, 98.6.
Her lovin' is the medicine that saved me.
Oh, I love my baby.
