

Keith Murray, Secret Indictment

[Intro:]

Yo, yo

Yo, yo, yo, yo, yo

This is for only certain people (word up)

This is for all my peoples in the struggle

All my peoples in jail

All my peoples dyin' to live

[Verse One:]

On my way home alone I took the shoertcut through the danger zone

Ran into alligator looking Jerome

I jumped out the truck all drunk

Nuts hanging out the car like "what?";

Nigga, I gives a fuck

He said "what up?"; I said "what up?";

He said "I need to be up?";

I went in my nuts hit him with a 100 yo

He gave me a glare with sparklin' gold teeth

And said

Yo Keith, your product is always peace

Yo son, you know I just got released

I was on the block and got bagged by pussy police

And they the reason why Calvin is deceased

The bullshit will never cease but dough is comin' at least

I gave him a pound and a hug

Told him "hold it down thug";

Peace

I'm a fleece cuz its hotter than fish grease

We was high as a kite

Feelin' kinda petro

I metroed

My way back to the Montero

Before I even made it to the car door

I was rushed by 2 jakes

and then 2 more

so here wew are fightin' through all the excitement I ask

What you lockin' me up for?

One said Secret Indictment

[Chorus: x2]

There's nowhere to run

Nowhere to hide

The gates are locked

And you are trapped inside

[Verse Two:]

Starin' at the face of the judge

With the identical image of a true thug

I shoulda smuggled in a shotty (word up)

Cuz they tryin' to treat me like I killed somebody

And what the D.A. had to say

Wasn't justice in no kinda way

Under the doc number 284389

We the people recommend upstate time

I said your honor

I can't even see that far

That's when my lawyer started droppin' the repetoir

He said your honor

These allegations against my client are very undefient

Toward the contrary

The judge said

Mr. Murray didn't I tell you if you in my courtroom again

Your ass is gone a long time

Then he presumed

Plus your a member
Of the notorius gang
the Legion of Doom
He said look at me
Thought he shook me
I turn around and the bastard
Through the book at me
I hope this teaches you a lesson
A half a million dollar bail
Boom
This court is in session

[Verse Three:]

I reach the tear visions of pair
Remind me I'm locked up
So I got no chance but not to give a fuck
Check out my perspective as it dropped
A lock across ya chest
And bust ya snotbox
Technicalites make me wanna bust chops and cops
And murder flocks in all actualities
That's a necessity in my recipe
Plus it was a black cop that framed me
And if it ain't one thing
It's another ask my brother
Went in jail for one thing
Stayed in for another
So here I am frustrated
Sittin' in jail
Thinkin' bout all my unfinished business left in the world
I hopped on the jack connect with my connect
Told him what I was up against
Plus they found a Tech
Get the cash together
Put up the car and the house
We on the jail phone
So watch what come out ya mouth
In 24 hours I was out
But the situation's never ended
Cuz the case is pended
To be continued
