Keith Richards, Before They Make Me Run

Worked the bars and sideshows along the twilight zone Only a crowd can make you feel so alone And it really hit home Booze and pills and powders, you can choose your medicine Well here's another goodbye to another good friend

After all is said and done Gotta move while it's still fun Let me walk before they make me run After all is said and done I gotta move, it's still fun I'm gonna walk before they make me run

Watched the taillights fading, there ain't a dry eye in the house They're laughing and singing Started dancing and drinking as I left town Gonna find my way to heaven, `cause I did my time in hell I wasn't looking too good but I was feeling real well

After all is said and done I gotta move I had my fun Let us walk before they make me run

After all is said and done I did alright, I had my fun I will walk before they make me run
