

Keith Richards, Body Talks

I'm waitin' baby
Between the lines
Believin'is deceivin'
Watch you move
Brand new new walk
Body talks - in a word
Body talks, baby, yeah
You make me shiver - just a quiver
The way you shake
It's a good sign - my heart aches, yeah
Body talks - shimmy shimmy shake
It's not so hard baby - hard baby
It's the way you move - body talks
Read your hips
You make me bite my lip
Waitin' on the flinch
So alive
It's just a look
And I read it like a book
It's nothing you said
It's something I read
It's the way you
It's the way you move
