Ooh, baby, baby, baby
Whoa...oh...
My, my, my, my baby, yeah, girl
Oh, I love you, baby
Ooh, yes, I, yes, I do, girl

I love you in the night
Im gonna take it real, real slow (Ooh, my baby)
I understand what you told me
And if I didnt know

I always wanted someone just like you
I really to hold you
Id give the world to you, oh, my darlin
You know I will, yeah, yeah, you know I will, I surely will

I will never do anything to hurt you (I wouldnt do one single thing to you, babe)
Ill give all my love to you (Gonna give every bit of my love, my love)
And if you need me, baby, Ill come runnin (Yes, I will)
Only to you (To you, my baby, yes, I will)

Why dont we just lay down, baby
And hold each other real, real close
Cause I dont wanna rush you, baby (No, no, no, no, no)
If time, if time is what you need the most

I always wanted to love you
You could make all my dreams come true
I want to love you, love you tonight, oh, my darlin
Yes, I do (Na-na), yeah...yeah...yeah...

I will never do anything to hurt you (I will never do one little thing to you, baby)
Ill give all my love to you (And Im gonna give you every little bit of my love tonight, girl)
And if you need me, baby, Ill come runnin (Oh, ho, yes, I will)
Only to you (Only to you, baby, oh, oh, oh, I)

Mmm, mmm, now, now, now, now
Girl, Ive been longin for you, baby, for a long, long time
Girl, lets make love tonight, babe
I can make you feel real good, baby, I can make you feel real good, baby
Sometimes, sometimes I get a little lonely, baby (It gets so rough for me, baby)
And I need somebody I could call all mine
I need the love, so fine

So you are the one for me, baby
