

# Keith Sweat, Just A Touch

Ha, I wanna take you back just like this  
Just a touch of love a little bit  
Just a touch of love

[Verse 1:]

Makes me shine just a little bit, just a little bit  
(with just a touch of love)  
In my mind baby just a little bit, just a little bit  
(you got to)  
Keep me high baby just a little bit, just a little bit  
(with just a touch of love)  
Can we spend some time  
(can we spend some time)  
Oooh baby baby

[1] - Just a touch of love a little bit  
Just a touch of love  
[repeat]

[2] - Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high  
Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high

Need it now just a little bit, just a little bit  
(with just a touch of love)  
Makes me frown baby just a little bit, just a little bit  
(you got to)  
Send fire through my spine just a little bit, just a little bit  
(with just a touch of love)  
Can we spend some time  
(can we spend some time)
