

# Kelis, Dandelion

Saw her on a Friday outside someone's dance saloon  
She was crying over someone that she felt love much too soon  
I said: "Hey girl don't you cry tonight, let me take you out on this town"  
She looked at me and smiled as one last tear splashed on the ground  
With half a wink she asked me "What are you some kind of creep?"  
I told her "No I guess I just feel your vibe is kinda deep"  
The moon hung over Soho and I counted 16 stars  
I pointed at the brightest one and said "Now that one's ours"

She's a dandelion up on her hill, above the sea  
She's not exactly everything I thought that she might be  
She's a dandelion, she looks like everything I need  
I thought she was a flower but I found out she's a weed  
And I hold on hold on hold on, hold on hold on hold on

I just might be poison but he took me to his roof top  
He said "Are you afraid of heights?" I said "No I am not"  
He said "Hey girl don't you lie to me, tell me everything you feel"  
We danced around in circles, he said "I think we felt something real"

She's a dandelion up on her cliff, above the sea  
She's not exactly everything I thought that she might be  
She's a dandelion, she looks like everything I need  
I thought she was a flower but I found out she's a weed  
And I hold on hold on hold on, and I hold on hold on hold on

Down in Union Square I saw her walking all alone  
I walked a little slower just so I remain unknown  
She met someone on 17 I think she knew him all too well  
My little piece of heaven has a secret she won't tell  
Without the smile she took his hand and then they walked away  
I realised I wouldn't see my girl after today  
I fell in love with a dandelion and she's all I ever had  
At first she looked so sweet but in the end she tastes so bad

She's a dandelion up on her cliff, above the sea  
She's not exactly everything I thought that she might be  
She's a dandelion, she looks like everything I need  
I thought she was a flower but I found out she's a weed  
And I hold on hold on hold on, and I hold on hold on hold on  
And I tell myself hold on hold on hold on, and hold on hold on hold on

She's a dandelion up on her cliff, above the sea  
She's not exactly everything I thought that she might be  
She's a dandelion, she looks like everything I need  
I thought she was a flower but I found out she's a weed
