

Kelis, Running Mate

(Unreleased Track. Exclusively from UltimateKelis.com)

I stay on your arm
You never leave me alone
I cater to you that's how I do my boo
I ride when you ride
You always have a surprise
I'm like one of the guys I'm down no matter the time

Chorus:

I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day
I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day

Verse 2

Just say I'm your doll
We
Now look what we must do
Can't agree or disagree
We're not trying to compete
Your passenger seat is reserved for me

Hook:

I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day
I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day

Bridge

Don't think I wont tell them
Hold on Hold on
I'm not talkin about them
Don't think I wont tell them
Hold on Hold on
Quit talkin' about my man

I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day
I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day

I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day
I am your running mate
If you're straight I am straight
Till the gate we relate
I'm with you day to day
