

Kelley Polar, Satellites

I was made
For a single thing
And I, I was made, made for you
And I could spend a thousand years
Just drifting through your atmosphere

But you keep me waiting
You keep me waiting
For you keep me waiting
Oh!
Again and again and again

And I could wait forever, and ever for you
And you'll still be together
Even though, I know, it can never come true
I'll wait forever, forever, forever, for you

Every little part heats
There still aren't any heartbeats
And everywhere I go
It's all the same
Take all your space, I don't mind
Because I'll be happier with time

And you keep me waiting
You keep me waiting
For you keep me waiting
Oh!
Again and again and again

And when you're with me, with me
I can feel your energy
Uh uh uh oh oh
When you're with me
Uh!
I can feel the energy
Uh uh uh uh oh oh

But you keep me waiting
You keep me waiting
Oh you keep me waiting
Oh!
Again and again and again

And I could wait forever and ever for you
And you'll still be together
Even though, I know, it could never come true
I'll wait forever, forever, forever for you

And when you're with me, with me
I can feel the energy
When you're with me
I can feel it, feel it, feel it, feel it
I can feel the energy
Feel it, feel it, feel it, feel it

I can feel the energy
I can feel the energy

Energy
Energy
Energy..
