

Kellie Pickler, Lucky Girl

Lyrics:

Lucky Girl

She's got the diamond but i've got the world. It's my oyster and it's full of pearls. So, honey, tell me

Lucky Boy

Did you tell her she's your second choice

'cause I wouldn't be your little toy

Ain't no man inside her lucky boy

(Chorus)

I guess you finally found someone who's everything that I couldn't be.

Oh oh oh.

I just couldn't see myself as Mrs. You Can Walk All Over Me so tell me who's the lucky, tell me who

Lucky girl

she's got the Gucci gown, the veil, and curls

i've got your precious box set of Merle's

so tell me who's the lucky girl.

(Chorus)

I guess you finally found someone who's everything that I couldn't be.

Oh oh oh.

I just couldn't see myself as Mrs. You Can Walk All Over Me so tell me who's the lucky, tell me who

Lucky girl

she's got the diamond but i've got the world.

It's my oyster and it's full of pearls

So, honey, tell me who's the lucky girl
