

Kelly Clarkson, Love So Soft

Every kiss
is a dull
when it's not yours

touch is a key
keep on twistin'
keep on rockin'
keep on tellin' me

let me in
I wanna be close to you
I wanna get you under my skin
I let you in
you got to be careful
what you tell me again

Love So Soft
we will have...
breaking to your .
and shock
gonna cost you
Love So Soft
That you can wrap up
you go for it
if you try it
got you hooked like narcotic

Love So Soft
so soft
Love So Soft
so soft

if the fact
be the truth
...
the things I want you wanna do
but ...I know
that you protect me
respect me
the you chose

let me in
I wanna be close to you
I wanna get you under my skin
I let you in
you got to be careful
what you tell me again

Love So Soft
we will have...
breaking to your .
and shock
gonna cost you
Love So Soft
That you can wrap up
you go for it
if you try it
got you hooked like narcotic
