

Kelly Clarkson, Not Today

Everybody says you're no good for me
Nothin' but trouble is what you bring
Everybody thinks you're out to get me
Helpless little fool they must think I am
Everybody thinks that we're both crazy
Well it's just my luck

Is anybody out there
I'm standing here all alone
And I...
I just don't know
Is anybody this weird
Will someone ever get my twisted thoughts
My ways
I guess not today

Everybody says I'm no good for you
Nothin' but trouble is what I bring
Everybody thinks I'm out to get you
Well it's just my luck

Is anybody out there
I'm standing here all alone
And I...
I just don't know
Is anybody this weird
Will someone ever get my twisted heart
My ways
I guess not today

You look like a mess
I'd like to know
How 'bout movin' just a little closer
I think maybe one day I...
I could love you

Is anybody out there
I'm standing here all alone
And I...
I just don't know
Is anybody this weird
Will someone ever get my twisted thoughts
My ways
I guess not today
Not today
I guess not...
Today
Not today
Not today
