

Kelly Clarkson, You Found Me

Is this a dream?

If it is

Please don't wake me from this high

I've become comfortably numb

Until you opened up my eyes

To what it's like

When everything's right

I can't believe

You found me

When no one else was lookin'

How did you know just where I would be?

Yeah, you broke through

All of my confusion

The ups and the downs

And you still didn't leave

I guess that you saw what nobody could see

You found me

You found me

So, here we are

That's pretty far

When you think of where we've been

No going back

I'm fading out

All that has faded me within

You're by my side

Now everything's fine

I can't believe

You found me

When no one else was lookin'

How did you know just where I would be?

Yeah, you broke through

All of my confusion

The ups and the downs

And you still didn't leave

I guess that you saw what nobody could see

You found me

You found me

And I was hiding

'Til you came along

And showed me where I belong

You found me

You found me

When no one else was lookin'

How did you know?

How did you know?

You found me

When no one else was lookin'

How did you know just where I would be?

Yeah, you broke through

All of my confusion

The ups and the downs

And you still didn't leave

I guess that you saw what nobody could see

You found me

(You found me)

(When no one else was lookin')

You found me

(How did you know just where I would be?)

You broke through
All of my confusion
The ups and the downs
And you still didn't leave
I guess that you saw what nobody could see
The good and the bad
And the things in between
You found me
You found me
