

# Kelly Family, Edge Of Happiness

I take one step forward  
But then I take two steps back  
What is it that, what is it that I lack  
I just can't get my head straight  
I just can't get my life straight  
One foot in heaven,  
But I got one foot in hell  
Sometimes I just, I just can't tell  
I just can't get my head straight  
I just can't get, my life straight  
This dark hole, is so deep  
This dark hole, is so deep

Oh oh uh ohuhoh  
Oh oh uh ohohoh  
I feel like I'm on the edge,  
Just about to fall down  
I feel like I'm on the edge  
The edge of happiness  
The edge of happiness

Do I need therapy, or do I need a good kick in the ass  
Do I need prayer, I've got too many things to ask  
I just can't get my head straight  
I just can't get my life straight  
This dark hole, is so deep  
This dark hole, is so deep

Oh oh uh ohuhoh  
Oh oh uh ohohoh  
I feel like I'm on the edge,  
Just about to fall down  
I feel like I'm on the edge,  
The edge of happiness  
The edge of happiness
