

# Kelly Family, No One But You

I remember now the evening how I met you, how wrong I was to judge someone so quick, oh our love has grown so deep, it even scares me, it's so extrem living out this gift;

I just wanna be with you all the time, I just wanna love with you day and night

No one but you, I love as a fool, I wanted to say, you're just so cool, there's no one but you, you're my dream come true, you've brightened my day, I thank god for you

Peace and love are not just simple words, but believe me I know, what pain and doubts are too, we might have to sleep under a bridge in hard times, but in your arms anywhere is hotel Hilton;

I just wanna live with you for the rest of my life, I just wanna love with you day and night;

No one but you,...

I just wanna be with you all the time, I just wanna love with you all night long

No one but you,...

Oh I thank God for you  
oh I thank God for you
