

Kelly Groucutt, Anything Goes With Me

If you should ask me
Do I want you to stay tonight?
Do I want you to hold me tight?
How would I answer?
How could I let you know?
How could I tell you so?
I would say to you

Anything goes with me
As long as it pleases you
As long as you want me to
Anything goes with me

If you should need me (I must admit I think you're very nice)
Call me and I'll be there

Any time anywhere (I can't deny I'd like to hold you)
Don't be afraid that I won't care

I'll be here waiting
Sitting here by the phone
So if you feel alone
I will say to you

Anything goes with me
As long as it pleases you
As long as you want me to
Anything goes with me

Anything goes with me
As long as it pleases you
As long as you want me to
Anything goes with me
(Anything goes with me)
Anything goes with me
