

# Kelly Joe Phelps, Lead Me On

Lead Me On□

I've been looking for a home  
I've been looking for a home  
But I can't find one  
Looking for a home but I can't find one

Lead me on  
Lead me on  
Lead me on

I've been drifting here and there  
I need a guide to show me the way  
I've been drifting here and there  
But I need a guide to show me the way  
I've been drifting here and there  
I need a guide to show me the way

Lead me on  
Lead me on  
You'd better lead me on

One of these nights sing you a song  
Make you weep and moan  
One of these nights I'll sing you a song  
Make you weep and moan

Lord lord lord

Lead me on

If my heart don't stop aching  
I won't live to see the sun  
If my heart don't stop aching  
I won't live to see the sun

Lead me on  
Lead me on  
Lead me on

I've got a picture in my mind  
Of my home so far away  
I've got me a picture  
Of my home so far away

Carry my burden down to the end,  
Well, over the mountain, down to the sea  
Take my burden over the mountain  
Down to the sea  
Going to carry it babe yeah the mountain down to the sea

Still looking for a home  
I've been looking for a home  
Yeah I've been looking for a home

Lead me on  
Lead me on  
Lead me on....
