

Kelly Osbourne, Come Dig Me Out

They wanted me
To be the dream
But my mood went south and I'm stuck on the couch in bad jeans
And the couch sucks me down to the floor
And the floor sucks me down to the earth
And I'm covered and buried before
My heart had a chance to stop working

Hey, it's heavy underground
I'm screaming for attention, so come dig me out
And I said, hey, somebody, can you hear me now
'Cause my world is caving in, so come dig me out
Come dig me out
Come dig me out

It's raining again
And who'd have guessed
No one's come along to tell me that I'm a mess
And the bed sucks me down through the floor
And the floor sucks me down through the earth
And I'm covered and buried before
My head had a chance to stop hurting

Hey, it's heavy underground
I'm screaming for attention, so come dig me out
And I said, hey, somebody, can you hear me now
'Cause my world is caving in, so come dig me out
Come dig me out
Come dig me out
Come dig me out
Come dig me out

I never thought I'd fall ten feet under
I always thought someone would remember
To look for me
Before I reach the end

Hey, somebody, can you hear me now
'Cause my world is caving in, so come dig me out
Come dig me out
So, come dig me out
So, come dig me out
So, come dig me out
So, come dig me out
