Come on

I got a secret in my heart

And baby it's tearin me apart

'cause I want the world to understand

That I love you and you are my man

Baby we know that we belong

A love that is real just can't be wrong

Can't keep it inside for very long

This love is too strong

So ready or not here I come (OH Come ON)

I got a secret that I want you to know, baby yeah

I can't hide what I feel inside [] [] [] [] [] [] [] []

Boy it's killing me baby

So why can't they see that I

I can't hide what I feel inside

Everyone should know

So just let it show baby

Boy I feel it's time to let it go

We stayed on the hush, we kept it low

But I need to let my feelins show

I can't take it no more

So ready or not here I come

I got a secret that I want you to know, baby baby

I can't hide what I feel inside

Boy it's killing me baby

So why can't they see that I

I can't hide what I feel inside

Everyone should know

So just let it show baby

I'm yours (I'm yours)

I belong to you and (I'm yours and I)

You're mine

You belong to me (The world should know you're mine)

Why can't they see (Why can't they see)

It's killin me [] [] [] (Yeah yeah)

Oh baby, I can't keep it secret

I must release this

We can't keep it a secret

F**kin hush hush

Need you in my life to complete it

'cause ain't nobody like us together

Let's grow old together

We never fold through whatever we roll, believe it

When you get mad I'm heated I want the world to see it

When you happy my purpose never defeated

You got me

Walkin round, helpless, with no hope

I'm high off you

Selfish with mah dough
Lord pictured a vision of me and you
It'll never be anotha lova like boo boo, let's show 'em
Ignore whatchya home boyz say
They ain't knowin how we be keepin' it quiet long enough
What I feel inside strong enough to bust
Open the heart of tha hardest thug
Hop on this woodie when he need love
Can't hide, they see me shine when I ride this
Blow they inquirin' minds, it's you and I boy

I can't hide what I feel inside
Boy it's killing me baby
So why can't they see that I
I can't hide what I feel inside
Everyone should know
So just let it show baby

I can't hide what I feel inside (Y'all know how we do over here. Y'all
know how we do over here)
Boy it's killing me baby (Y'all know how we do over here)
So why can't they see that I (Y'all know how we do over here)
I can't hide what I feel inside
Everyone should know
So just let it show baby
