

Kelly Rowland & Da Brat, Gotsta go

(feat. Da Brat)

[Intro: Da Brat]

Welcome to the wonderful world of Miss Kelly Rowland

And I'm your host Da Brat tat-tat

SoSoDef is in the building

Yeah!

[Rap: Da Brat]

I gotta shake you off

You like a bad habit that I gotta break so I'm taking off

Forsaking it all, all in ya face

At point blank range don't play with my heart

I was loyal, I was kind

I was a fool cause I was blind

Thought I was the one me the two

I was three times a lady for you

Creepin' in and out, sleeping all around

Think you a balla now?

I gotta trick for that booty

You a thing in the past

Where ya *** callin' now

You'll never find another peach that's sweet as mine

Another river that's deep as mine

What you lose somebody else gon' find

[Verse 1: Kelly Rowland]

Late night I hear you creepin'

4 A.M. footsteps laying there with the man I'm sleeping

Laying there wondering (wondering)

Where you been

Wondering who she is

I wonder why you wake up, get dressed and step right outta here

This has gotta end

A fight we'll never win (win)

It's just too deep to miss (miss)

I guess I'm too far in

If I continue to stay with you (you'll do it again)

I know you'll do it again

Yeah, you'll do it again

[Hook: Kelly Rowland]

Never thought I could leave ya

Had to take back the rest of me

To get back the best of me

And no longer make believe

I tried to stay with you

But you never worked it out

You gave me strength to leave (leave)

[Chorus: Kelly Rowland]

Ladies, if you feel me say

Hey-yo, hey-yo

If ya fed up say

I can't do this no more

Ladies, if you feel me say

Hey-yo, hey-yo

Charge it to the game

Tell 'em you gotsta go

Whoa-o (whoa-o), whoa-o (whoa-o)

Whoa-o (whoa-o), whoa-ho (whoa-ho)

Whoa-o (whoa-o), whoa-o (whoa-o)

Whoa-o (whoa-o), whoa-ho (whoa-ho)

[Verse 2: Kelly Rowland]

For a second you had me down

But now I'm doing fine

(boy, you thought I would take you back)

But it won't happen this time

Cause all the times that I took you back

The times couldn't find your ass
(from calls from the chicks you had)
This part of the story is only half
(see me in the club) See me in the club
(I was looking fine) I was looking
(seen you in the club)
(with a lot on your mind) Yeah
Now don't you get mad (no)
Why you look so sad
Still wish you was my man
Boy, don't you make me laugh
[Hook: Kelly Rowland]
Never thought I could leave ya
Had to take back the rest of me (rest of me)
To get back the best of me (best of me)
And no longer make believe
I tried to stay with you (I tried to stay with you)
But you never worked it out (uhh)
You gave me strength to leave (leave)
[Chorus: Kelly Rowland]
Ladies, if you feel me say (ladies if you feel me say)
Hey-yo, hey-yo
If ya fed up say (if you can't do this no more)
I can't do this no more
Ladies, if you feel me say (if you feel me say)
Hey-yo, hey-yo
Charge it to the game (charge it to the gaaaaame)
Tell 'em you gotsta go
Whoa-o (whoa-o), whoa-o (whoa-o)
Whoa-o (whoa-o), whoa-ho (whoa-ho)
[Rap: Da Brat]
I used to bite my tounge
Cause I ain't wanna say nuttin that'll mess us up
I ain't wanna make you mad
And risk losing everything we had
But you got so outta control
And I hurt so bad that it felt like a hole in my soul
Had to let you go
Since you was tricking I'ma let you know
I gotta couple of homies that wanna get at you
And pull the trigger so you don't hurt me no more
But see I got this I ain't your average chicken
I drop, kick 'em and I pop this
Peaches roll and pour out a lil' liqour
Make a toast to my new n**** (yeah!)
Brag and boast cause I'm big, better
Do I wanna get back together? Never!
[Brigde: Kelly Rowland]
Neveeeeeer!!!
You always messed around (you always messed around)
Constantly put me down
Convinced me to stick around (tried to put me down)
You always had me down
Thought you would break me down (thought you would break me down)
Come take a look around
Look who's alone now
I'm gone!
[Chorus: Kelly Rowland]
Whoa-o (whoa-o), whoa-o (whoa-o)
Whoa-o (whoa-o), whoa-ho (whoa-ho)
Whoa-o (whoa-o), whoa-o (whoa-o)
Whoa-o (whoa-o), whoa-ho (whoa-ho)
[Hook: Kelly Rowland]
Never thought I could leave ya
Had to take back the rest of me

To get back the best of me
And no longer make believe
I tried to stay with you
But you never worked it out
You gave me strength to leave
