

# Kelly Rowland feat. Lil Wayne, Motivation

Oh lover, don't you dare slow down  
Go longer, you can last more rounds  
Push harder, your almost there now  
So go lover, make my mother proud  
And when were done, I don't wanna feel my legs  
And when were done, I just wanna feel your head so lower me baby  
You can't stop there, music still playin in the background  
And you're almost there  
You can do it, I believe in you baby  
So close from here

So baby I'mma be your motivation  
Go, go, go  
Motivation  
Go, go, go, go

Oh lover, when you call my name  
No other, can do that the same  
Get up out there game, no  
So lover, don't it make me rain

And when were done, I don't wanna feel my legs  
And when were done, I just wanna feel your head so lower me baby  
You can't stop there, music still playin in the background  
And you're almost there  
You can do it, I believe in you baby  
So close from here

Oh, girl I turn that thing into a rainforest  
Rain on my head, call that brainstorming  
Yeah this is deep, but oh, I go deeper  
Make you lose yourself, and finders keepers  
It go green light, go Weezy go  
I like to taste that sugar, that sweet and low  
But hold up wait, new position  
I put her on my plate then do the dishes  
She my motivation, I'm her transportation  
Cause I let her ride, while I drive her crazy  
Then I just keep going going, like I'm racing  
When I'm done she hold me like a conversation  
Weezy, baby

And when were done, I don't wanna feel my legs  
And when were done, I just wanna feel your head so lower me baby  
You can't stop there, music still playin in the background  
And you're almost there  
You can do it, I believe in you baby  
So close from here
