

Kelly Rowland, This Is Love

Can u describe the moment
When two people fall in love
Some say the clouds will spin in circles
And the rain will turn to dust
The poor will start to laugh
Even the rich will start to cry
It can sneak up like a soldier
It can wake you up at night
That's what i feel when I'm standing here with you
It's what my heart has sworn to be true

This is love
It's writin on my face
It's the way i lean my body towards you
Even when I'm a 100 miles away
This is love like a diamond in the sand
It took so long to find you
I can't wait another day to say
This is love

ohh
this is love
yeah

You take my imperfections
And turn them into art
If i could change one thing about you
There would be no place to start
You are safety without numbers
You are dangerously wild
But you're sweeter than rock candy
And you ease my inner child
That's what i feel when i'm standing here with you
That's what my heart has sworn to be true

This is love
It's written on my face
It's the way i lean by body towards you
Even when i'm a 100 miles away
This is love like a diamond in the sand
It took so long to find you
I can't wait another day to say
This is love

ohh
yeah

No i'm no easy angel
I'm moody like the wind
I am impatient, complicated
I am fragile deep within
But you're no fool
And i'm no little girl
Have we not found there is love in the world?

This is love
I said it's written on my face
It's the way i lean my body towards you
Even when i'm a 100 miles away
This is love like a diamond in the sand
It took so long to find you
I can't wait another day to say
This is love

oh
this is love, love, love
this, this is love
