

Ken Hensley, There Comes A Time

There comes a time
In every mans life
He just forgets where hes going

There comes a time
And he'll know just when
Cause he'll simply stop growing

Without a deep imagination
Fear and dark will quickly spread
And it's a hopeless situation
For that is how it looks
Inside his head

There comes a time x4
To make up your mind
Time to face up to the problems
Every single day
Is a part of your life
And nothing can be forgotten

Time and time and time again
Who knows where and who knows when
It can happen anytime
Then its too late to change your mind

There comes a time x2

(solo)

Then its too late to change your mind
There comes a time x4
To make up your mind
I believe it is the time
And now is the time
There comes a time
