# Kendall Payne, Little Things

I don't care what anybody thinks
I will stare when everybody blinks
I don't mind the difference that they see
'Cause he loves
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About you whoah whoah
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About me whoah whoah
Oh
I believe that everybody bleeds
Sticks and stones aren't what has cut so deep
I won't buy the hate they sell for free
And he loves
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About me whoah, whoah
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
You can't carry the weight of the world no no
I won't carry the weight of the world yeah yeah
I can tell the hell that you've been through
You won't make a difference what we do
They'll still tell you all the lies are true
But I love
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About you oh oh
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About you yeah yeah
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
