

Kendrick Lamar, Silent Hill (ft. Kodak Black)

Why oh why oh why oh why you keep fuckin' with me?
You gon' make me jump outta my skin, believe me

Push these niggas off me like "Huh"
Push these bithces off me like "Huh"
Push these niggas off me like "Huh"
I'm pushin' the snakes, I'm pushin' the fakes, I'm pushin' them all off me like "Huh"
Pushin' them all off me like "Huh" (Yeah)

Aha, I be immune to shit (Aha)
Tuck in the broom and shit (Aha)
They want to assume and shit (Aha)
Know you a choke, my assets are close
I hide like the moon and shit (Aha)
Know the results, the ballot is in and I'm about to boom again (Aha)
You funny, dawg
Peek A Boo, can't hide behind your money, dawg
A week or two, I meditate on runnin' lost
Swerve, swerve, swerve, shake the currents off, yeah

Push these niggas off me like "Huh"
Push these bithces off me like "Huh"
Push these niggas off me like "Huh"
I'm pushin' the snakes, I'm pushin' the fakes, I'm pushin' them all off me like "Huh"
Pushin' them all off me like "Huh" (Yeah)

Head up, chest out
It's all laxed, I'm stressed out
Shh, be quiet, I'm stressed out
Stressed out, stressed out, stressed
Came my daughter up, she need all the love
I need all the love, I mean all of us
It's like 6 o'clock, bitch, you talk too much
You makin' it awkward love
I mean it's hard enough, I mean it's-

They don't fuck with me even if they could
Pull out the stick, hit a bitch with the wood
First .. roll would be vert in the hood
Don't worry about us over here, we good
The AP Roman Numeral, everywhere I go I need pharmaceuticals
I ran my whole conglomerate, I was just mappin' shit out in the ..
Suicide crews at funeral
Track hot, launch like a slingshot
Big ole ruby diamond on my pinky finger, that bitch look like a Ring Pop
Money on my mind, money on your head
Can't rap three times while you comin' through the jets
Red cross cap a nigga fade
In the studio with K Dot fresh out the feds
Yeah, you niggas can't stand the rain, niggas don't stand a chance
Yeah, shuffle like .., I spend a band on a Benz
I call the bitch off a Google app
I'm the type to kill my shooter weapon
I had to survive off a tuna pack
Five percent tint on the wood like who was that?
Cu Tang caught niggas mad
Beat the dope with a fo, I'm whippin' up Sudafed, only doin' scams in the lab
Every Thursday girls they spendin' time with my daughter, made me go harder
Every Sunday someone's gotta teach my boy to be a man, I had no father
Fell in the love with the block, I ain't have no park
Just saw it off .. my mother
We stackin' that money up propper, opp with diamonds it look like marbles
Audemars water, aqua beatin' a .. 'til we spout 'em
I don't want your ice, boy, I want your life, but fuck it, I might still rob 'em
