

Kenny Chesney, How Forever Feels

big, orange ball, sinkin in the water
toes in the sand, couldn't get much hotter
little umbrella-shaded margaritas
coconut oil tannin' senioritas
oh now i know how jimmy buffet feels
hands on the wheel, cruisin' down the interstate
gas pedal sticks, carries my car away
i was goin' as fast as a rambler goes
i could feel the speed from my head to my toes
oh now i know how richard petty feels

[Chorus]

I've been around the block a time or two
done almost everything a boy can do
i've done some livin', yeah, i've had fun
but there is one thing i haven't done
saved 2 months, bought a little diamond
tonight's the night, feels like perfect timin'
down on one knee on momma's front steps
man, i'm gonna die if she really says yes
I wanna know how forever feels

Repeat Chorus

I wanna know how forever feels
hey i wanna know how forever feels
girl i wanna know how forever feels
