

Kenny Chesney, In This Boat Alone

And I love this water
And I love these waves
And I love to watch the palm trees
How they dance and sway.

The cooler's full
And the sky is clear
The cool breeze blows
And all my friends are here.

And I don't wanna be in this boat alone
When the party's over
And my friends all gotta get home
I wanna wave goodbye
Untie and drift back off holdin' on
To somebody hangin' on to me
Oh, I don't wanna be in this boat alone.

They leave tomorrow
As soon as they do
I'll pull up anchor
And fly back too.

Oh, but one of these days
I'm gonna hang around
And find the right someone
Yeah, I'm gonna anchor down.

But I don't wanna be in this boat alone
When the party's over
And my friends all gotta get home
I wanna wave goodbye
Untie and drift back off holdin' on
To somebody hangin' on to me
Oh, I don't wanna be in this boat alone.

I see myself
In twenty years
Just lovin' life
Floatin' round out here.

But I don't wanna be in this boat alone
When the party's over
And my friends all gotta get home
I wanna wave goodbye
And tie and drift back off holdin' on
To somebody hangin' on to me
Oh, I don't wanna be in this boat alone.

In this boat alone...
