

Kenny Price, Give Myself A Party

I've got a lot of memories to last the rest of my life
So if you don't want to love me baby that'll be all right
I'm gonna take all the loving that I have for you
Gonna take all the loneliness sit right down with the blues
I'm gonna give myself a party and serve old memories
Give myself a party think of how it used to be
Remember all the happiness that we once knew
I'm gonna give myself a party just me and the blues
[piano]
A few of your love letters a photograph or two
A gift you gave on my birthday with words I love you
There's lots of things to think about when you're happy feeling blue
So I'm gonna take all the loneliness sit right down with the blues
I'm gonna give myself a party...
I'm gonna give myself a party just me and the blues
