

Kenny Price, Take Me

Take me take me to your darkest room close every window and bolt every door
The very first moment I heard your voice I'd be in darkness no more
Take me to your most barren desert a thousand miles from the nearest sea
The very moment I saw your smile that would be like heaven to me
There's not any mountain too rugged to climb no desert too barren to cross
And darling if you would just show a sign of love I could bear it all
Take me to Siberia and to coldest weather of the wintertime
That would be just like spring in California as long as I knew you were mine
Yes that would be just like spring in California as long as I knew you were mine take me
