

Kenny Price, That's All That Matters

I know I'm not your first love they're just a past memory
But I'm the one who's got you now and that's all that matters to me
I know other arms have held you but I'm not jealous of these
For mine are the arms that hold you now and that's all that matters to me
I came alive when you came along you brought life back to me
And don't care what's in your past you're as far as I can see
I know other lips have kissed you I know you've been thrilled and pleased
But mine are the lips that kiss you now and that's all that matters to me
That's all that matters to me that's all that matters to me
